

Dear Sirs, I support the funding for Kānewai Spring and oppose the suggested amendment to delete the funding under the proposed draft FD1 by Councilman Ozawa. This is a historical and rare location. It is unique and supports many rare native plants and animals. This is a treasure and a fantastic learning space, an outdoor classroom. To loose this miracle, this last spring standing, this window into the culture and nature of Hawaii would be a tragedy, and morally wrong. What will you say to your grandchildren when they ask if you had something to do with the destruction of this spring, this Kānewai? Please kokua. Mahalo, Mardi LaPrade
